

DO WE HAVE TO SPELL IT OUT?

September 16th to October 16th 2014

Groups and individuals all over the UK this Autumn are spelling out GMO OMG! to raise awareness of genetic modification in food.

We want to see shops shout it in their windows, growers compose it with compost, bakers say it with flour - anyone anywhere spell it out with clothing or their own bodies...

You can take part...

See our 7-step 'how-to' guide at wholefoodaction.org.uk and post your photos on the GMO OMG! event at www.facebook.com/wholefoodaction
